

## Special “inside look” at Young Women’s Leadership Academy in Fort Worth, Texas.

Hi %FIRSTNAME%,

Thank you for connecting with us!

We’re excited to provide this free resource you requested. **Click [here](#) to view this special “inside look” at Young Women’s Leadership Academy (YWLA) in Fort Worth, Texas.**

It’s a reality that the professional landscape is still predominantly male-centered. However, this is changing, and the Foundation, YWLA, and our students are a part of this transformation. When we work together, we help pave the way for our students to be successful in school and life, and one day be the leaders our community needs.

**The foundation for the academy provides real-life solutions, helping make college possible so more girls can get an education and go on to build new generations of success.**

We appreciate your interest in YWLA Foundation.

Executive Director | YWLA Foundation

Without support, these girls might miss opportunities to pursue a promising future.

%FIRSTNAME%,

We are excited you took a virtual “inside look” at Young Women’s Leadership Academy in Fort Worth, Texas. If you missed it, we have you covered.

**You are important to us, and we’d like to share something very near to our hearts.**

While we are thrilled about the girls currently attending the Academy, and how they are being developed for a successful future, we realize something important. **We need more support** to help pave the way for our students to be successful in school and life, and one day be the leaders our community needs.

Here at the YWLA Foundation, we work with organizations and individual donors to create opportunities for the students. We then help students benefit from those opportunities.

But we can’t accomplish our mission without the wonderful people who provide financial support to the Foundation.

Please join us.

**You can help these young women achieve success and reach unlimited potential.**

You can truly change lives—and impact our community—through your generous support!
